cation Society, I have always felt that belonged to the Baptist family, and looked upon it as one of our greatest accomplishments, and upon its secretary as one of the greates! business characters in the world. When I was first introduced to him and to his great work, it was by man in whom I have always had great confidence, who made it his usiness to audit the books of the publishing house; write a report relative to the same and distribute them to the constituency of the National Convention, declaring Boyd's ecord to be that of a clean sheet and commending him to the brethren as being honest to the bottom. Con fiding in this man's research, I fell in line as never before to purchase literature from our own plant, and in every way encourage the heart of the man who had been so long accepted by the convention as its greatest business wizard. Here of late, I have been brought in personal touch with Doctor Boyd and with the institution he represents, and can fully agree now with the gentleman who so highly indorsed his work in Nashville, Tenn., when the convention there convened, for I am persuaded that he is tongue can give.
